

5 Reasons To Sponsor The 2010 Cascade Quest Sled Dog Race

Your Advertising Dollars At Work

Many of our spectators, volunteers and mushers are from Lake Wenatchee to Wenatchee. Many others call the Snohomish to Thurston county corridor home. Still others travel from out of the area, from as far away as Oregon, Idaho, Montana, Colorado and Canada. The spectator and musher pages of our website include a list of local businesses; your business will be noted as a race sponsor!

We also ensure information about our event is distributed to local and out of area print media and radio stations. In addition, we ensure posters will be placed at many locations from Lake Wenatchee to Wenatchee, including yours.

As our spectator and musher base grows, so does the power of your advertising dollar!

Enjoy Sponsor Benefits

Depending on the sponsorship level you choose, you may enjoy receiving race memorabilia for display in your home or business, ensuring that a banner featuring your business is prominently displayed at the race, or the honor of presenting one or more trophies at the Awards Ceremony.

Support Chelan County Fire District #9

10% of business sponsorship dollars are given directly to the local Chelan County Fire District #9 helping our firefighters save lives and property.

Enrich The Lives Of Local Families

Your sponsorship makes it possible for local families to witness this exciting, unique and inspiring sport. It is also an opportunity children to have fun and develop an appreciation of canine friends and proper animal care.

Commend Sled Dogs and Mushers

Your sponsorship provides sled dogs with an exciting venue to do what they love most – run! Mushers appreciate your support as they find the courage to live their personal dreams and build lives around the care of sled dogs.
